The Hermanos Gaglione have popped up in a 3rd location, where for the first time they'll offer beer & wine (license pending) to wash down their hyper-authentic cheesesteaks (bread shipped straight from Philly, real Whiz) and specialty sandos like the Sophia Loren (capicola, Genoa salami, pepperoni, provolone, pepperoncini, Ital dressing) and the fresh-baked turkey, stuffing, cranberry & mayo "Turk", but not the "Young Turk", because after eating it your heart will be neither young, nor free.

[Head to GaglioneBros.com to salivate over the full menu, and stay tuned for deets on the Grand Opening](#)
